WORDS TO DESCRIBE ROBERT A. MONROE

Recently the TMI Facebook fans were asked to describe Robert A. Monroe in one word.

“Robert Monroe is a mapmaker. In Ultimate Journey he seeks to chart that area which lies "over the edge," beyond the limits of the physical world. He presents us with a map of the Interstate"—the route that opens to us when we leave our physical lives, with its entry and exit ramps, its signposts and its hazards. This he is able to do because he has traveled the route himself; he writes from knowledge, not from belief.”

Ronald Russell, Author

“Robert Monroe is no mystic or magician, but an American businessman with a wife and children who lived in Virginia and worked in the field of communications.”

Susan Blackmore, Author
